### **ABSTRACT**

The current crisis has swept the world with special emphasis, most developed countries, those countries which have most gross -product world and you have a high level of living. Even those who are not experts can describe the consequences of the crisis to see the reality that is seen, but how far will it go this crisis is impossible to predict. Even the biggest experts have conjecture and large divergence, but agree on one thing: The devastating effects of this crisis will be more severe than ever before and cannot be predicted.
