INTRODUCTION, LITERATURE REVIEW AND DISCUSSION

Allaniyaz Uteniyazov was born in 1936 in Kazayaqli village, Kegeyli region. His father Erniyazov Uteniyaz died in 1943 in KURSK warfare. His mother Erniyazova Jumagul was widowed with her 3 children. It was difficult to her to bring up and even provide with food her children by herself, so they moved to the village "Uzunkul" in Nukus region in order to be close to her relatives in 1949. Allaniyaz studied at school named after Pushkin in Nukus city. He had been grazing cattle on the meadows for 2 years in order to help to his mother. They cultivated fruits and vegetables to sell; furthermore, Allaniyaz had worked as a loader and carried heavy pockets. He was the only helper of the family and his mother, so that he assisted to his mother in harvest and selling in Bazaar (market). He always remembered his father's letter from war, it says: "My dear son Allaniyaz, you are my only son! I'm going to give my life for the sake of my Motherland. Please, go on my life with good deed, charities as I. Help to mother. Het education, support widowes, orphans and especially disablers. Be honest! Your kindness will help me to be remembered forever by people. Don't forget about it!". He kept his father behest and tried to follow it.

He entered to the faculty of Foreign Languages at Nukus State Pedagogical Institute in 1958. He finished his study and started to work at 4th school named after Kuybisheva in 1964. Either his studenthood or his work together with his colleagues he was active at cotton companies and helped picking up cotton. He led youth to disseminate and rear corn and his good works were noticed by the government.

During his holidays he helped to the poor, widows, orphans, veterans; built new houses if they need them.

From memories of Allaniyaz aga (Sir) "It was held the meeting at school in 1995 where participated khakim (Mayor) of the region U.Xodjanazarov and leaders of public education department. "It is difficult to children of our village to go to school to the "Xodjan" village", said authorities of our village. "Now we don't have enough money to build new school and as soon as we have we will include it to the state project"- answered khakim. Local residents said

that they didn't need standard school that should be built by the government; their children would study at school, which would be built by Allaniyaz. All people looked at me and I answered that I would build a new school if people would help me." Uteniyaz's letter still is being saved in mother's the chest. I think that letter written by wounded father played important role in defining Allaniyaz's bright future.(1)

"... Be honest! If you do all my behests people will remember my name for long time. Never forget my words!" was written in that letter. Allaniyaz remained to lead all father's behests until his death. He studied and finished institute with high marks even he came across with so many difficulties.

Under his guidance were built two kindergartens and two schools in Nukus region.

Allaniyaz Uteniazov served worthy 40 years not only in pedagogic sphere but also he was famous and loved by people because of his immeasurable charity.

"At that time I was 7th grade. I had dream about an old greybeard. He came to me and greeted me. I felt uncomfortable and said Granddad, sorry me for not greeting you first. But he answered "No, my son. God gives you endless energy and you should spend it for the benefit of destitute people. You shouldn't have a fancy for wealth. Have always clear conscience" said to me and gave a rap (correspondent Kh.Aknazarov). Pre-cited article was published on "Xuquq"/ (Law) newspaper on 18th June in 2002.

Mother said "He might be his grandfather, Seytniyaz Baba (Seytniyaz Grandfather). He was great man. We should go to his tomb and donate one sheep on Thursday. Might be God bless you my son". After that event his works developed year by year, his energy became more and more.(2)

Now, we should give some information about his genealogical tree. One of his ancestors was Seytniyaz axun. He had son Reyim, and then his son Mamit, son's son Eshniyaz, Jumaniyaz, Erniyaz, Xakimniyaz, Dawletniyaz, Bayniyaz and Aytiniyaz-all are his grandchildren. Famous sportsman and poet Auezhan was Aytiniyaz's son. Bayniyaz's son was famous Tilewmurat-hadji. Uteniyaz, Kaldiniyaz, Berdiniyaz and Xojaniyaz were Erniyaz's sons. Uteniyaz's son Allaniyaz was our Hero and his son's name is Ajiniyaz. If you pay attention to their names, all names end with "niyaz" that means "kindness".

At the moment, I have 58 newspaper articles, 3 magazine articles and more than 400 letters about our hero.

After publishing about his wonderful charities on Moscow newspaper "Семья" (Family) on 14th December in 1990, he started receiving letters from all over the world.

Some examples from letters:

Fidel Kastro - The president of Cuba. "I think you are with your high humanity uppermost of all people. Your great activities will serve as a sample work in upbringing the youth. I offer worship with high respect to you."

F.Kastro. "Amudarya" magazine, №1, 2001

X.Sapun – Argentine milliner. "I am so rich and I have 4 thousand workers. But my wealth is nothing in comparison with yours. Your humanity and spiritual richness won't be forgotten

and people always will remember your charity. Your good works produce surprise round the world. After reading about your charities I was surprised. I have three questions for you.

1. Do you do all your charities because of your own will or does someone advise you?
2. What gives you endless energy to do like these things?
3. How do local residences treat to your charity?

Allaniyaz answered worthily for all these questions. “It is big happiness for me to be awarded as a “Hero of Uzbekistan” by the president of our country for my little works”- answered him.

Muslim Magomaev – Singer. “Dear teacher! I congratulate you and your family on holiday 1st May. I wish you strong health and development on your career and well-doings”.

Telegram. Moscow. 29.04.1991

Alla Pugachova – Singer. “Your charitable activities serve as a sample for me. I am so happy that there is a kind man like you in your country. I adore and respect you, moreover wish you strong health!”

A.Ryazanov – Twice Hero of Soviet Union. “If you come to conference of teachers, bring your son also. My family wants to see you. You are always welcome!”

V.Klichko – Worldwide champion on boxing. “Always while our rest of 30-35 minutes on rings I remember you and your 30-35 year hard work. And this gives me power I feel myself strong and I win the ring.”

Letter. №1. “Amudarya” magazine, 2001

These lists of letters are endless so we showed you some of them. Some people say that his kindness can be compared with works of Spanish Don Kikhot while others compare with Greek Promety.

A.Uteniyazov gave luster to Karakalpakstan and Uzbekistan in all over the world. He was nominated with the following awards:

In 1985 year – “Veteran truda” (Labor Veteran)(3)

In 1986 year – “Zaslujenniy uchitel Karakalpakistana” (Honorable Teacher of Karakalpakstan)

In conclusion we can say that education especially public education points on teaching children not only to technics, science, economics, and culture but also school principals of our country focus on explaining the youth national ideology and mentality in education process.

One of the significant parts of national training is labor nurturing and here as the brightest sample for youth can be Allaniyaz Uteniyazov, his deserts and contribution in teaching on harmonically developed youth. His pedagogical point of view focus on teaching children based on Labour.
