### **ABSTRACT**

In this article it was clarified some methods of presenting vocabulary in English classes. To teach vocabulary is not as an easy task as it seems to be at first sight. Teachers should be aware of different techniques for showing their students what new words mean. They can choose from different strategies to present the meaning of words, with an application of various methods.

**Keywords:** Form and meaning of the word, active vocabulary, passive vocabulary, principal ways, main sources, basic technique.
