ABSTRACT

The article deals with the issues based on the interpretation of the concept "Knowledge" in English literature. Today the category of concept appears in the studies of philosophers, logicians, psychologists, and it bears traces of all these extra linguistic explanations. In present-day cognitive linguistics the notion of concept is one of the most widely used and controversial. Although it's content varies in different scientific schools and has got a variety of interpretations by individual scholars. The point is that the concept is the category of thinking, it is an aspect of thought and it gives plenty of room for its interpretation. The author analyzed the researches and views of scientists-researchers on the concept "Knowledge" and reflected them in the article.

Keywords: Concept, knowledge, proverbs and sayings, vision, awareness, understanding, reality, communication.
