ABSTRACT

In the following article, socio-spiritual and moral-pedagogical views of Oriental and Western nations on conflict resolution in the teaching process have been thoroughly explained. In the statement, the aspiration for living without struggles and oppositions is an inseparable component of our national spirituality in the views of great scholars such as Farobi, Avicenna, Beruni, Tusi, Plato, Democritus.

Keywords: Western nation, as Farobiy, Avicenna, Beruni, Tusi, Platon, Democrit.
